

Emergency First Aid at Work Course (EFAW)

Course outline

This course is ideally suited to lower-risk workplaces where a risk assessment has identified the need for staff to possess appropriate first aid skills and knowledge.

Our **6 hour** course is presented **In-House** at your workplace, under the guidance of our specialist First Aid at Work trainers and uses the latest training techniques to maximise learner recall and confidence.

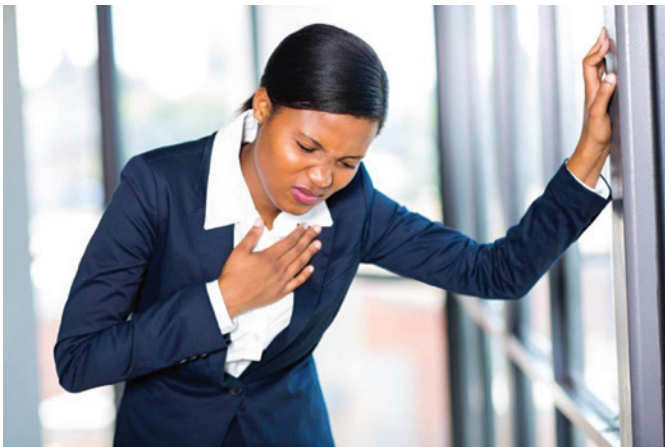

Who is the course suitable for?

- Staff working in lower-risk workplaces e.g. small-medium offices, shops, cafes, childcare & education settings
- People new to first aid
- People needing to renew their basic first aid skills and knowledge
- Learners of all confidence levels and those with special requirements

Course contents

The Role of the First Aider / Managing an Emergency / Communication and Casualty Care / The Primary Assessment / Resuscitation Techniques / Recovery / Choking / Seizures / Shock / Bleeding / Burns & Scalds / Minor Injuries / Health & Safety Regulations / Assessment.
